

ANALYTICA 2022:

# The laboratory world meets again in person

Visit the world's largest laboratory trade fair in Munich on June 21 to 24, 2022 and use the four days for face-to-face discussions.

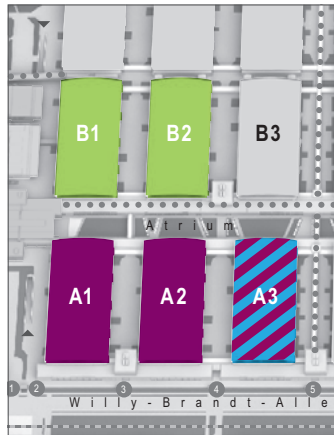

## Additional Highlights 2022

- > **Special Show with Forum Digital Transformation:** Get your laboratory fit for the future and learn in live demonstrations how you can intelligently network your laboratory and make your laboratory processes digitally more efficient.
- > **analytica conference:** On June 21 to 23 in ICM. Top-class scientists provide an overview of the latest advances in spectroscopy and chromatography as well as the world of omics.
- > **Finance Days:** From June 23 to 24 in Hall A3, current information on funding opportunities in the biotechnology sector.

All information about the extensive supporting program can be found online at [analytica.de/en](https://analytica.de/en)

You will find a compact overview of the whole world of the laboratory in five halls:

-  Laboratory technology
-  Analysis and quality control
-  Biotechnology / life sciences  
bioanalysis / diagnostics
