The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

Cont. B 7 Stand design and equipment

The partition walls facing the neighboring stand must be kept white, neutral, free of installations and clean above a height of **2.50 m**, in Hall B1 and A1 **3.50 m**. Messe München GmbH supplies partition walls only at the request and expense of the exhibitor. Partition walls or additional cabin walls (height **2.50 m**, in Hall B1 and A1 **3.50 m**) can be ordered in the Exhibitor Shop. In the case of advertising structures directly facing adjoining stands, there must be a minimum distance of **2 m** to the stand perimeters. Flashing or changing lights must not be used for advertising purposes. The stand design must be adapted to suit the type of rented stand (row, corner, end, island stand), e. g. by partition wall systems. The exhibition stand should also meet the character of the respective trade fair to preserve the visual identity of the event. Messe München GmbH is entitled to demand changes in stand design on this account.

Exhibitors who have booked the turnkey INHORGENTA MUNICH stand package will be sent additional documentation. Besides specifying the stand request on the application form, a special order must be submitted for the INHORGENTA MUNICH stand package using the official order documents. In cases where no order forms have been received by the due date, Messe München GmbH reserves the right to erect a standard booth construction and charge it to the exhibitor.

Planning permission

As a matter of principle, every planner/designer of an exhibition stand is responsible for compliance with public statutory regulations, insofar as applicable to exhibition stands, and compliance with Messe München GmbH's Technical Guidelines as well as the General Terms of Participation.

If items are to be suspended from the hall ceiling, the work involved must be carried out by Messe München GmbH's contractors. The placing of motor vehicles of any kind on the stand area for exhibition or decorative purposes is prohibited and is permissible only in exceptional cases on the prior written consent of the Exhibition Management. Moreover, multi-story stands and special constructions (such as bridges, stairs, cantilever roofs, galleries, etc.) are as a general rule subject to separate approval. Please consult the "Building Regulations" set out in the Exhibitor Shop. **Please note under all circumstances the requirements set out in the Technical Guidelines and the information included in the individual notices.** The respective exhibitor services order forms for further processing and additional stand services will be made available to you in due time.

In addition and amendment of the booth construction regulations set out in the Technical Guidelines, the following provisions apply:

The exhibitor has to take into account the character and appearance of INHORGENTA MUNICH as a premium order show with respect to booth design and furnishings. The booth is to be designed so as to contribute to a high-class overall appearance of INHORGENTA MUNICH. In particular, the following provisions shall apply. The exhibition space is to be fully covered with carpeting or other floor coverings in as-new condition. In Hall B1 and A1, a minimum booth construction height of **3.50 m** is required. Walls and partition walls of which the supports and profiles are visible, are not allowed in Hall A1

and Hall B1. Also fabric coverings may not be used as walls and partition walls in these two halls. On open stand designs, only a raised floor is permitted as floor covering in Hall B1. Moreover, it is mandatory that the partition walls on the closed sides of row, corner and end booths (i. e. on the sides not facing the aisles), are to be in new condition. The booth walls must be painted with dispersion paint or high quality covered. Untreated booth walls are not permitted. The company name and registered office of the exhibitor must be visibly displayed on the booth. No items may be fastened to the outer walls of the booth, in particular no merchandise. If the outer walls are to be used for presentation purposes, this is only permitted in display cases integrated into the booth walls. Glass cabinets positioned at the open sides must be aligned within the booth perimeters. Closed walls of more than **2 m** in length facing open sides of neighboring stands or the main aisles must be broken up with display cases or attractive graphic designs. The booth equipment, in particular the inside walls and furnishings must be as good as new. Insofar as furnishings, e. g. tables and chairs, are to be covered with decorative materials, the material must be of high quality. The booth equipment should maintain a uniform design. Graphic designs and letterings must match this overall design. All merchandise in the booth is to be visibly displayed and not be covered by other goods or objects, completely or in part. In particular, merchandise to be presented may not be stacked, heaped together or mixed with other goods and displayed in boxes, cartons or other containers.

By December 1, 2020, the exhibitor must present to Messe München GmbH's Technical Exhibition Services Division for approval the following documents in duplicate:

- a) dimensioned booth construction drawings incl. floor plan and elevations on a scale of 1:50
- b) meaningful, 3-D color views or meaningful color photographs of the full booth
- c) a written booth construction description, also specifying materials selected, and
- d) representations of product displays in the booth.

Approval may be tied to conditions if required to comply with regulations under public law or if applicable to exhibition booths or under Messe München GmbH booth construction provisions, which are an integral part of the contract. If approval is denied or if the exhibitor fails to present the requested documents by December 1, 2020, Messe München GmbH is entitled to set up an INHORGENTA MUNICH system stand which matches the respective hall concept, at the expense of the given exhibitor and at the prices valid at the time of the event.

Should the aforementioned documents not be presented to Messe München GmbH's Technical Exhibition Services Division by December 1, 2020, Messe München GmbH is entitled to charge the exhibitor a lump-sum compensation of **EUR 1,000**, unless the exhibitor is not at fault for the delay. Messe München GmbH's right to claim further damages remains unaffected. The exhibitor may demand a reduction in the lump-sum compensation if he proves that Messe München GmbH has incurred less damage.

B 8 Technical installations

The technical services designated accordingly in the Technical Guidelines such as the provision of installations to supply the stand with electricity and water can be ordered only from Messe München GmbH. Wired telecommunication equipment may only be provided by Messe München GmbH; Deutsche

Telekom AG and other network operators are not authorized at the exhibition center. To connect his own stand area, the exhibitor may operate his own wireless LAN network at his stand after prior written approval from Messe München GmbH; the specifications of Messe München GmbH are to be complied with.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 9 Sales regulations

Open selling or other provision of goods and services from the stand is not permissible. Exhibited articles may be delivered to purchasers only after the end of the fair. It is not permitted to show the selling price openly. Under No. 64 GewO (German trade regulation act), it is permissible to sell only to

commercial resellers, commercial consumers and bulk purchasers. In case of substantiated violation, Messe München GmbH is entitled to close down the exhibitor's stand.

B 10 Media services (Show Guide, internet, mobile)

The basic entry includes the company name, complete address and communication data, hall and stand number, unlimited entries in the list of trademarks, a product photo with text, a teaser text in the exhibitor lists, Social Media links as well as the listing in the product index and this is invoiced by Messe München GmbH (cf. B 3 Mandatory communication fee). Phone, fax, mobile phone and e-mail address require the explicit final approval and consent by the exhibitor, as it may potentially be personal data; otherwise this information may not be published. Exhibitors can book additional listings, e. g. in the product directory and other presentation opportunities in these communication media in a separate order process. The booking option will be made available to applicants in good time by the media services partner commissioned, who handles these extra listings with the applicant in his own name and on his own account. Messe München GmbH assumes no responsibility for the accuracy and completeness of the trade fair Show Guide (print, online and mobile).

The exhibitor is solely responsible for the permissibility under law—and particularly the law on competition—of entries placed in the trade fair Show Guide (print, online and mobile) of Messe München GmbH at the instigation of

the exhibitor. Should third parties assert claims against Messe München GmbH on account of the impermissibility of the entries under law in general or the law on competition, the placer of the entries shall hold Messe München GmbH fully safeguarded against all claims asserted including all costs of any necessary legal defense on the part of Messe München GmbH. The same applies to entries from exhibitors, co-exhibitors and exhibitors on joint stands that the respective exhibitor has arranged in the Messe München GmbH trade fair Show Guide (print, online and mobile).

Exhibitors or the commissioned photographer (with official assignment) can request this permit from the Messe München GmbH security office. The request for authorization must be submitted in writing.

During opening hours for exhibitors, film and photo work is permitted only inside the booths. It is at the discretion of the exhibitor to provide a photo-

The minimum scope of the safety and security services necessary is determined by Messe München
