c) Damages Deposit

There will be a damages deposit applicable which amounts to 10% of the booth rental fee or maximum R 100,000. Any costs associated with damages and repairing/restoration will be covered by the damages deposit.

d) The participation fee covers both the rental cost of the stand space as well as the comprehensive range of services provided by the Organizer, including above all stand planning advice, stand design advice with particular regard to local technical specifics and requirements requiring compliance, stand set-up and dismantling advice, planning PR work, visitor marketing and visitor promotion for the given Exhibition, preparation and execution of fair-specific opening events, press conferences insofar as the Organizer organizes same, preparation and execution of forums and special shows insofar as they are organized by the Organizer or third parties by order of the Organizer, the mandatory entry in the catalogue and web-based index of exhibitors, supply of exhibitor badge entitlement as set out under clause 18 "Contractors and exhibitors' passes", supply of advertising materials, lighting and heating and cooling of the exhibition premises, provision of basic security services for Venue, regular cleaning of areas frequently visited by participants and visitors and traffic guidance assistance within the grounds of the Venue.

The applicant shall be invoiced for 40% of the projected participation fee shortly after his application. This first payment will be refunded if the applicant is not admitted to the Exhibition but will be forfeited if the applicant withdraws unilaterally and completely from the undertaking. The Exhibitor shall receive an invoice for the remainder of the participation fee after stand allocation.

Payment of the invoices is due immediately unless other payment deadlines are stated in the invoices. Payment of the participation fee as well as payment for admitting co-exhibitors is a prerequisite for occupation of the exhibition area one month prior to the exhibition.

If the Exhibitor has ordered the Organizer services, the Organizer is entitled to withhold such services, including the supply of electricity, water, compressed air, etc., until the exhibitor has fulfilled his financial obligations to the Organizer. This also applies to obligations arising from previous events.

The Organizer reserves the right to enforce the lessor's lien, as permitted by law, in order to secure its claims arising from the rental. The Exhibitor must inform the Organizer at any time about the ownership of movables, which are exhibited or to be exhibited. If the Exhibitor does not meet his financial obligations, the Organizer can retain the exhibits and stand fittings and, at the Exhibitor's expense, excluding third parties property, sell them at public auction or privately. The Organizer does not accept liability for damage to exhibits and stand fittings retained under this clause, unless the Organizer is guilty of intentional damage or gross negligence.

Upon special application by the Exhibitor, the participation fee and/or the payment for the admittance of co-exhibitors can be invoiced to a third party. As prerequisites, the third party must declare acceptance of the obligation or commit to pay the amount owed to the Organizer, and the Organizer must declare its agreement with such.

Should the Exhibitor wish to have an invoice rewritten because the name, legal form or address of the recipient of the invoice has changed, the Exhibitor is obliged to pay the Organizer a sum amounting to R 500 for each change of invoice unless the details in respect of name, legal form or address of the recipient of the invoice were incorrect on the original invoice and the Organizer was responsible for the incorrect details. The Exhibitor shall be ultimately responsible for failure of third parties to pay.

6. Terms of payment (see also clause 4)

Payment of the invoices is due immediately unless other payment deadlines are stated in the invoices. Payment of the participation fee as well as payment for admitting co-exhibitors is a prerequisite for occupation of the exhibition area one month prior to the exhibition. Prior payment in full of the amount invoiced is a condition for access to the exhibition area, an entry in the catalogue, and provision of workers' and exhibitors' passes. The Applicant or Exhibitor will receive invoices for all additional charges (e.g. technical services, advertising material) with the confirmation of the order; they are to be paid immediately on receipt. All invoiced amounts are to be paid in ZAR, without deductions and free of all charges (e.g. bank charges occurring when transferring via bank account have to be paid by the applicant), by credit transfer to the account specified in the invoices, mentioning the Exhibitor's company name and invoice number. All invoiced amounts by the Organizer, which are connected with the Exhibition, are to be paid in ZAR, without deductions and free of all charges (e.g. bank charges occurring when transferring via bank account have to be paid by the applicant), by credit transfer to the account specified in the invoices, mentioning the Exhibitor's company name and invoice number.

7. Sub-lease

The application represents the contractual offer. The admission or rejection will be confirmed to the Applicant in writing in due time. The confirmation will include a confirmation of the size of the stand awarded and the amount payable. Upon receipt of the payment herein the sub-lease comes into force.

The Organizer is authorized to assign a stand area to the Exhibitor, which might deviate from the information in the application. A deviation is considered acceptable if the Organizer does not receive the Exhibitor's rejection of the allocation of the stand area, in writing, within 5 working days.

The allocation of the other stands, in particular of neighboring stands, is subject to change up to the time that the Exhibition opens. The Organizer is also entitled to relocate or close entrances to and exits from the Exhibition grounds and halls, and to make other structural alterations.

The Exhibitor cannot make claims against the Organizer because of such changes nor do such changes amount to a breach of this Agreement.

8. a) Cancellation of contract

Should the Exhibitor:

- make any arrangements with the general body of its creditors or enters into a compromise with such creditors generally or if a provisional or final order for sequestration, liquidation or judicial management is made against it or it enters into business rescue proceedings; ceases or threatens to cease operating its business as a going concern or commits any act of insolvency in terms of the Insolvency Act 1936 (as amended or substituted from time to time);
- fail to pay any rent on the due date thereof and persist in such failure for a period of 7 (seven) days against the date of dispatch of notice per prepaid registered post calling for such payment; or
- fail to pay any other amount due by the Exhibitor in terms of this lease on due date thereof and persist in such failure for a period of 7 (seven) days against the date of dispatch of notice per prepaid registered post calling for such payment; or
- breach this lease in any other way and fail to remedy such breach within 30 (thirty) days after dispatch of written notice per prepaid registered post calling for such remedy;

the Organizer shall have the right, but shall not be obliged, forthwith to cancel this Agreement and to resume possession of the allocated area, but without prejudice to its claims for arrears payments and/or damages which it may have suffered by reason of the Exhibitor's breach of contract or of the premature cancellation.

In the event of the Organizer cancelling this Agreement and the Exhibitor disputing such cancellation and remaining in occupation of the allocated area, the Exhibitor shall, pending settlement of the dispute either by negotiation or arbitration, continue to pay an amount equivalent to the participation fees as well as any other amounts owing by the Exhibitor to the Organizer in terms of this Agreement on the due dates thereof and the Organizer shall be entitled to accept and recover such payments without prejudice to and without in any way affecting the Organizer's claim for cancellation. Should the dispute be resolved in favour of the Organizer, the payments made and received in terms of this clause shall be deemed to be amounts payable by the Exhibitor on account of damages suffered by the Organizer by reason of the cancellation and the unlawful holding over by the Exhibitor.

b) If the location, type, dimensions or size of the exhibition area rented by the applicant are subsequently changed so much that the applicant can no longer be reasonably expected to accept the exhibition area, the applicant is entitled to terminate the contract within 5 working days of receiving written notification by the organizer and monies paid by the applicant shall be refunded to him. In any other case, the applicant has no right to terminate the contract. If the applicant states that he is withdrawing from the contract, -then he shall have deemed to have renounced once and for all, his intention to take part in the trade fair. In such event, the organizer is entitled to re-let the stand area or use it itself without being obliged to do so.

Payment of the participation fee will be forfeited if the applicant withdraws unilaterally and completely from the undertaking. Notice of such cancellation must be given to the organizer by the exhibitor in writing. If the applicant states that he is withdrawing from the contract and thus renounces once and for all his intention to take part in the trade fair, the organizer is entitled to re-let the stand area or use it itself without being obliged to do so. In the case that the organizer can re-let the stand area, the organizer must allow as a credit the value of the expenses saved and the advantages it has gained by re-letting or otherwise using the exhibition area; the exhibitor shall not have any further rights due to the fact that the exhibition space is rented to others or used in another way. In addition, the exhibitor must pay 40% of the agreed participation fee as flat-rate compensation for expenses incurred by the Organizer due to the fact that the exhibitor has withdrawn from the contract and cancelled his participation in the trade fair without being entitled to do so. The Organizer's right to claim further damages remains unaffected. Any exhibitor which withdraws unilaterally and completely, 30 days before the 1st day of the show will forfeit any monies already paid as compensation to the organizer.

9. Force majeure, cancellation of the event

If the Organizer is compelled, as a result of force majeure or other circumstances beyond its control (e.g. failure of the power supply), to vacate one or more exhibition areas, temporarily or for longer periods, or to postpone or curtail the Exhibition, the Exhibitor does not thereby acquire the right to withdraw or cancel, nor do they have any other claims against the Organizer, in particular claims for damages.

If the Organizer cancels the Exhibition because it cannot hold the event as a result of force majeure or other circumstances beyond its control, or because it has become unreasonable for the Organizer to hold the Exhibition, the Organizer is not liable for damages, actions, claims, losses and/or expenses suffered by the Exhibitor whatsoever.

10. Dates of setting up and dismantling / Assembly, staffing and dismantling of stand

The exact dates for set up and dismantling will be published at a later stage. The dates for assembly and dismantling must be observed. Stands not occupied by the last day of assembly may be disposed of as the Organizer sees fit.

Exhibitors admitted to the Exhibition undertake to participate in the event. The stand must be properly equipped and staffed by qualified personnel throughout the Exhibition during the prescribed opening hours. Particular attention should be paid to ensuring that the stand is already fully staffed when the Exhibition opens. **Exhibitors are not permitted to remove Exhibition goods and dismantle their stands before the Exhibition closes. If they break this rule, the Organizer is entitled to demand a penalty of R 10,000.**

11. Stand design and equipment

a) In the halls

The maximum stand construction depends on the allocation of the stand within the hall. The maximum stand construction height is however 5.50m. Further technical details are available in the technical guidelines.

b) Outdoor Area

The maximum stand construction height is 6.00m. Construction of partially higher parts is subject to approval of the Exhibition management operation department and the project team for the Exhibition and depends on stand position and design and will only be granted in exceptional cases.

A more detailed specification will be made available at a later stage to the Exhibitor. Further technical details are available in the technical guidelines at a later stage.

All structures to be set-up in the outdoor area require the prior consent of the Organizers and permission from a governmental approved top level certified structural engineer.

Two-storey stand construction is permitted in the outdoor area with the approval of a structural engineer and a structural engineer's certificate must be submitted to the Exhibition management.

* **Please Note:** Submission of an indemnity form is compulsory for all exhibitors and can be found in the exhibitor manual.

12. Safety Measures

It is necessary to wear safety helmets and safety belts and to carry out other safety measures against injuries that might be caused by falling objects in overhead work (height all of 2m). All exhibitors are legally responsible to conform to all applicable aspects of the Occupational Health and Safety Act 85/1993 (OHS Act) and other relevant Acts and Regulations.

13. Technical installations and other regulations

Applications for electrical installation, water, compressed air and drainage can be considered only if submitted in due time on the order forms available from the Organizer. The precise terms of delivery and the connection fees are stated on these forms. All building structures on the Exhibition grounds shall be executed in accordance with the legal requirements for construction materials. Revolving tower cranes, etc. must be secured according to regulations. Suspending advertising media or other loads from cranes is prohibited for safety reasons.

14. Restoration of the exhibition areas

All exhibition areas must be handed over to the Exhibition management operation department in their original condition by the stipulated date for completion of dismantling. At the end of the Exhibition, the Exhibitor must remove from the site all the materials used from their stands by the respective timings stated in the "Operations Schedule". The Organizer is entitled to charge the Exhibitor concerned for the removal of excessive waste (stand construction debris, crates/pallets, cartons, packing materials, gravel or literature) by a contracting firm at the Exhibitor's cost. The paid damages deposit will be forfeited by the Organizer until the Exhibitor has paid the respective charges.

15. Transport of track-laying vehicles

Only track-laying vehicles with smooth track plates, which are also approved for public roadways, may be driven on the roads of the Exhibition grounds. The transport of track-laying vehicles into the exhibition halls are permitted only with the approval of the Exhibition management and as per South African laws. The Exhibitor is fully responsible for any damage to road surfaces and hall floors. Should damages occur the paid damages deposit will be forfeited by the Organizer until the Exhibitor has paid the respective charges.

16. Sales regulations

Direct sales and other services or deliveries made from the stand are not permitted. Exhibited goods must not be delivered to purchasers until after the Exhibition closes. Sales are permitted only to wholesalers, retail or trade customers.

17. Catalogue, Internet, Visitor Information

An official Exhibition catalogue, an internet database and visitor information will be compiled for the Exhibition. The Exhibitor (including co-exhibitors and companies at joint stands) is included, with the name indicated in the application, in the alphabetical list of exhibitors in these media. The minimum entry contains the Exhibitor's company name, hall and stand number and webpage in the alphabetical list of exhibitors. The Exhibitor (including co-exhibitors and companies at joint stands) will be offered other entries, e.g. in the Product Index, and other forms of presentation in these media on a separate order form. The forms will be sent to applicants in good time. The Organizer assumes no responsibility for the correctness and completeness of the catalogue, internet database and visitor information.

The Exhibitor is solely responsible for the permissibility under law – and particularly the law on competition – of any advertisement placed in the Exhibition catalogue, the internet database or the visitor information of the Organizer at the instigation of the advertiser. Should third parties assert claims against the Organizer on account of the impermissibility of the advertisement under law in general or the law on competition, the advertiser shall hold the Organizer fully safeguarded against all claims asserted including all costs of any necessary defense in court on the part of the Organizer. The same applies to exhibitor entries actuated by exhibitors in the Exhibition catalogue, the Internet database or the visitor information of the Organizer.

18. Exhibitors' and Contractors passes

The Exhibitor's passes are issued only after payment of the participation fee, and the remuneration for the admission of any co-exhibitors one month prior before the exhibition starts. For the time in which the Exhibition is held, each exhibitor receives the following number of exhibitors' passes free of charge:

| Hall | | Outdoor | |

The number of Exhibitor's passes is not increased for co-exhibitors. Additional Exhibitor's passes are obtainable from the Exhibition management and will be charged for. The Exhibitor's passes are intended solely for stand personnel and must not be passed on to unauthorized third parties, e.g. to persons or companies who wish to offer goods for sale or to render services at the Exhibition Centre without corresponding authorization from the Organizer. All exhibitors' passes are numbered.

Stand Contractor passes for show days are available in the numbers required and will be charged for. They can be purchased on site at the Organizer's office during build up. Contractor passes must not be passed on to unauthorized third parties, i.e. to any third party not in a relationship of permanent or temporary employment with the Exhibitor.

19. Confirmation letters

Once the stands have been allocated, the Exhibitor will be informed in writing together with further details concerning preparation and organization of the Exhibition.

20. Alterations

The Organizer reserves the right to make alterations and additions in matters affecting technical arrangements and safety.

21. Complaints

Complaints about any defects in the stand or exhibition area are to be made in writing to the Organizer immediately on occupying the exhibition area, and at the latest on the last day of stand assembly, so that the Organizer can remedy such defects. Later complaints cannot be considered and cannot give rise to claims against the Organizer.

22. Limitation of Liability

Neither the Organizer nor MMG shall under any circumstances be liable for any loss or damage which is suffered by the Exhibitor, its employees, agents, servants, contractors, clients or visitors, including but not limited to damage as a result of fire, injury, accident, floods, crowds, riot, the

actions or omissions of other exhibitors, defect in the structure of the stand or in the Venue, or from insufficient lighting or ventilation or resulting from leakage from or breaking of any water pipe or communication, fitting or appliance.

The Exhibitor is liable for and holds the Organizer and MMG harmless against all risk in and to property brought onto the Venue by the Exhibitor, its employees, agents, servants, contractors, clients or visitors including property not owned by the Exhibitor.

The Organizer and MMG shall not be responsible for any loss or damage that it may suffer in the event of the Exhibition having to be closed during the whole period of the Exhibition or any parts thereof and in such event the Organizer and MMG shall not be liable to refund the Exhibitor any monies or portion thereof.

The limitation of the Organizer and MMG's liability as aforesaid shall apply irrespective of whether such damage is sustained before, during or after the Exhibition and irrespective of whether the act or omission complained of occurs inside or outside of the Venue.

23. Exhibitor's Liability

The Exhibitor shall not bring or suffer to be brought onto the premises any goods, article or materials which may render the insurance of the premises against risk or loss or damage by fire, either void or voidable or which may increase the rate of premium in respect of such insurance beyond ordinary risk.

The Exhibitor shall not do, cause or suffer anything which in the opinion of the Organizer, constitutes a nuisance or causes an infringement of any regulation or law, or which may lead to possible forfeiture of or endorsement of any license held by the Organizer or the Venue.

The Exhibitor shall not store or bring on to the premises inflammable substances or use any such inflammable substance or open flame on the premises at any time.

24. Insurance and Indemnity

The Exhibitor and person or entity it contracts with to perform services for it, shall carry insurance covering liability for third party, injury, personal injury, property damage and workers compensation and shall protect, indemnify and hold harmless the Organizer, MMG and Venue Owners, their officers, agents and employees against all claims, losses, suits, damages, costs, expenses of every kind, resulting from or arising in connection with the Exhibitor's use or occupancy of the exhibit space (including construction and dismantling of stands or exhibits) its agents or employees irrespective of whether or not such claim arises during or after the holding of the Exhibition.

25. Occupational Health and Safety

All the requirements of the Occupational Health and Safety Act 85 of 1993 (as amended) shall be adhered to by the Exhibitor.

26. Photography, filming, video recording, and sketching

Only persons authorized by the Organizer and in possession of a valid pass may film, photograph, or make sketches or video recordings in the exhibition halls and the outdoor exhibition area. Under no circumstances may photographic or other images or recordings be made of other exhibitors' stands. If this rule is infringed, the Organizer can demand that the recorded material be surrendered and take legal steps to achieve this end. Photographs of stands which are to be taken outside normal opening hours and need special lighting require the Organizer's prior consent. Such photographs require the main ring circuit to be switched on by the hall electrician. The Exhibitor will be charged the costs incurred, insofar as they are not borne by the photographer.

The Organizer and MMG are entitled to have photographs, drawings, films and video recordings made of events at the Exhibition, of stands and exhibits, and to use them for advertising or general press publications.

27. Intellectual property rights

When participating in Exhibitions organized by the Organizer, the Exhibitor warrants that its exhibits, packages and all related publicity materials found in the Exhibition do not in any way whatsoever violate or infringe any third party's rights including trademarks, copyrights, designs, names and patents whether registered or otherwise.

28. Whole agreement

This Agreement constitutes the entire agreement between the parties and representations by either of the parties or their agent, whether made prior to or subsequent to the signing of this agreement, shall not be binding on either of the parties unless done in writing and signed by the Organizer.

No waiver or abandonment by the Organizer of any of its rights in terms of this Agreement shall be binding on that the Organizer, unless such waiver or abandonment is in writing and signed by the Organizer.

Unless the context indicates otherwise, the rights and obligations of any party arising from this Agreement shall devolve upon and bind its successors-in-title.

29. Regulations for use

The Exhibitor must comply strictly with the building and use rules for the event grounds. The Exhibitor is not permitted to spend the night in the halls or on the outdoor area. The Exhibitor must take the other participants in the event into consideration, must not act contrary to public policy and must not misuse their participation in the event for ideological, political or other purposes which have nothing to do with the event.
