<https://messe-muenchen.de/de/unternehmen/verantwortung-csr/schutz-und-hygiene-konzept/>

Dimensioned drawings including floor plans and elevations on a scale of 1:100 must be submitted in duplicate to Messe München GmbH, Technical Exhibition Services Division for approval no later than 6 weeks before setup begins.

Halls, general

One-story construction

The maximum construction height is **7.50 m**. The maximum advertising height (upper edge) is **7.50 m**.

Two-story construction

The maximum construction height is **7.50 m**. The maximum advertising height (upper edge) is **7.50 m**.

In addition, the maximum construction height (clearance) alongside the hall walls must be observed (see description of halls and outdoor exhibition grounds).

The partition walls facing the neighboring stand must be kept white, neutral, free of installations and clean above a height of **2.50 m**. It is recommended that exhibitors install partition walls (height **2.50 m**) as demarcation to neighboring stands. Messe München GmbH supplies partition walls only at the request and expense of the exhibitor. Partition walls or additional cabin walls (height **2.50 m**) can be ordered in the Exhibitor Shop. In the case of advertising structures directly facing adjoining stands, there must be a minimum distance of **2 m** to the stand perimeters. The exhibition stand should also meet the character of the respective trade fair to preserve the visual identity of the event. Messe München GmbH is entitled to demand changes in stand design on this account.

Stand construction approval

As a matter of principle, every planner/designer of an exhibition stand is responsible for compliance with public statutory regulations, insofar as applicable to exhibition stands, and compliance with Messe München GmbH's

Technical Guidelines as well as the General Terms of Participation. No approval of plans from Messe München GmbH is necessary given compliance with the following requirements:

- stand and/or advertising structures no higher than **3 m**
- stand area no larger than **100 m²**
- stand is without covering.

Any stand concepts in non-compliance with the aforementioned requirements are to be submitted in duplicate for approval to Messe München GmbH's Technical Exhibition Services Division, containing to-scale stand design plans (ground plan, elevations and sectional drawings) no later than 6 weeks prior to official setup date. If items are to be suspended from the hall ceiling, the work involved must be carried out by Messe München GmbH's contractors. The placing of motor vehicles of any kind on the stand area for exhibition or decorative purposes is prohibited and is permissible only in exceptional cases on the prior written consent of the Exhibition Management. Moreover, multi-story stands and special constructions (such as bridges, stairs, cantilever roofs, galleries, etc.) are as a general rule subject to separate approval. Please consult the "Building Regulations" set out under "Leaflets—applications" in the Exhibitor Shop for further information. **Please note under all circumstances the requirements set out in the Technical Guidelines and the information included in the individual notices.** For further processing, the exhibitor service forms for ordering additional stand services will be made available to you online via our Exhibitor Shop in due time, or sent to you per e-mail.

Outdoor exhibition area

Structural elements, stand signs and flags must be designed such that they do not constitute an unreasonable disturbance for neighboring stands. Misleading company signs must be removed at the request of the Exhibition Management. Depending on the infrastructure to be installed and if Messe München GmbH, Technical Exhibition Services Division so requests, a gap of **0.50 m** must be left between the perimeter of the neighboring stand to the rear and any permanent fittings and fitments. When carrying out any stand setup work, attention should be given to existing supply lines, distribution boxes, hydrants, light masts, etc. If such facilities are located on the premises of individual stands, access to them must be assured at all times. To prevent any damages, no underground work may be started without prior consultation of Messe München GmbH, Technical Exhibition Services Division. Exhibitors whose stands border on the perimeter of the exhibition grounds may not use the fencing for stand setup purposes. The outside fencing may not be used for advertising purposes.

B 8 Official regulations and permits

Authorization is to be obtained for structures that exceed a built-over area of **75 m²** or a height of **5 m** (pavilions, tents, cranes, plant and equipment etc.). The necessary building applications as well as plans and structural analyses or test books are to be submitted to Messe München GmbH, Technical Exhibition Services Division in good time but no later than 6 weeks before the beginning of setting up.

In the erection, operation and dismantling of their structures at the exhibition center, exhibitors are to comply with all statutory and official regulations as well as the relevant requirements of Messe München GmbH and especially those from the Terms of Participation and the Technical Guidelines. In addition to the Technical Guidelines, the relevant safety regulations of the TÜV (German organizations for technical inspection and control) also apply to all exhibits and other equipment and facilities; recognized codes of practice are to be complied with. Revolving tower cranes and the like must be secured in accordance with regulations. For safety reasons, it is not permitted to attach advertising media or other loads to exhibits, with the exception of non-weighted flags.

Exhibitors can book additional listings, e.g. in the product directory and other presentation opportunities in these communication media through a separate online ordering system of Messe München GmbH. The online ordering system will be sent to applicants in good time by the media service partner commissioned, who handles these extra listings with the applicant in his own name and on his own account. Messe München GmbH assumes no responsibility for the accuracy and completeness of the official trade-fair media (print, online and, if applicable, mobile).

The exhibitor is solely responsible for the permissibility under law—and particularly the law on competition—of entries placed in the official trade-fair media (print, online and, if applicable, mobile) of Messe München GmbH at the instigation of the exhibitor. Should third parties assert claims against Messe

München GmbH on account of the impermissibility of the entries under law in general or the law on competition, the placer of the entries shall hold Messe München GmbH fully safeguarded against all claims asserted including all costs of any necessary legal defense on the part of Messe München GmbH.
