Messe München

International Pavilion 2021

Tying in with a successful first edition at electronica India and productronica India 2019, presenting nine international exhibitors on over 100 square meters, Messe München will again organize the International Pavilion at eelectronica India and productronica India 2021.

The International Pavilion is a new measure, introduced in 2019 by the eelectronica India and productronica India management of Messe München, to support companies from countries from all over the world to gain access to the Indian market.

This offer addresses exclusively to companies, which do not have the opportunity to take part in a national or regional pavilion and are not granted governmental support from their own country/region.

Your benefits

- ✓ Step into the **promising Indian electronics market**
- ✓ Present your company at the **leading trade fairs for the electronics sector in South and South-East Asia**
- ✓ Enjoy **easy first steps** in the Indian market in the frame of the International Pavilion
- ✓ Take advantage of our **costs-efficient offer** and exclusive packages
- ✓ **Increase your visibility** under the branded roof of the International Pavilion
- ✓ Count on our **comprehensive and individual support** before and during the shows
