B 7 Stand design and equipment

Stand designs for two-story constructions, for stands larger than **100 m²** or stand structures exceeding **3 m** in height or with a stand covering require prior authorization. Dimensioned drawings including floor plans and elevations on a scale of 1:100 must be submitted in duplicate to Messe München GmbH, Technical Exhibition Services Division for approval no later than March 6, 2023 begins.

Halls, general

The maximum construction height is **7.50 m**. The maximum advertising height (upper edge) is **7.50 m**.

In Hall B0, the maximum construction and advertising height is **4 m**.

Two-story construction

The maximum construction height is **7.50 m**. The maximum advertising height (upper edge) is **7.50 m**.

In addition, the maximum construction height (clearance) alongside the hall walls must be observed (see description of halls and outdoor exhibition grounds).

The partition walls facing the neighboring stand must be kept white, neutral, free of installations and clean above a height of **2.50 m**. It is recommended that exhibitors install partition walls (height **2.50 m**) as demarcation to neighboring stands. Messe München GmbH supplies partition walls only at the request and expense of the exhibitor. Partition walls or additional cabin walls (height **2.50 m**) can be ordered in the Exhibitor Shop. In the case of advertising structures directly facing adjoining stands, there must be a minimum distance of **2 m** to the stand perimeters. Each open side of the stand should be mostly open-plan in design (at least **50%** per side should be open). The exhibition stand should also meet the character of the respective trade fair to preserve the visual identity of the event. Messe München GmbH is entitled to demand changes in stand design on this account.

Stand construction approval

As a matter of principle, every planner/designer of an exhibition stand is responsible for compliance with public statutory regulations, insofar as applicable to exhibition stands, and compliance with Messe München GmbH's Technical Guidelines as well as the General Terms of Participation. No approval of plans from Messe München GmbH is necessary given compliance with the following requirements:

- stand and/or advertising structures no higher than **3 m**
- stand area no larger than **100 m²**
- stand is without covering.

Any stand concepts in non-compliance with the aforementioned requirements are to be submitted in duplicate for approval to Messe München GmbH's Technical Exhibition Services Division, containing to-scale stand design plans (ground plan, elevations and sectional drawings) no later than 8 weeks prior to official setup date. If items are to be suspended from the hall ceiling, the work involved must be carried out by Messe München GmbH's contractors. The placing of motor vehicles of any kind on the stand area for exhibition or decorative purposes is prohibited and is permissible only in exceptional cases on the prior written consent of the Exhibition Management. Moreover, multi-story stands and special constructions (such as bridges, stairs, cantilever roofs, galleries, etc.) are as a general rule subject to separate approval. Please consult the "Building Regulations" set out under "Leaflets—applications" in the Exhibitor Shop for further information. **Please note under all circumstances the requirements set out in the Technical Guidelines and the information included in the individual notices.** For further processing, the exhibitor service forms for ordering additional stand services will be made available to you online via our Exhibitor Shop in due time, or sent to you per e-mail.

B 8 Technical installations

The technical services designated accordingly in the Technical Guidelines such as the provision of installations to supply the stand with electricity and water can be ordered only from Messe München GmbH. For further details about order deadlines, please refer to the Exhibitor Shop. Wired telecommunications equipment may only be provided by Messe München GmbH; Deutsche

Telekom AG and other network operators are not authorized at the exhibition center. To connect his own stand area, the exhibitor may operate his own wireless LAN network at his stand after prior written approval from Messe München GmbH; the specifications of Messe München GmbH are to be complied with.

B 9 Sales regulations

Open selling or other provision of goods and services from the stand is not permissible. Exhibited articles may be delivered to purchasers only after the end of the fair. It is not permitted to show the selling price openly. Under

No. 64 GewO (German trade regulation act), it is permissible to sell only to commercial resellers, commercial consumers and bulk purchasers.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 10 Directories/BAU 365 (media services)

The basic entry includes an company profile (900 characters), place, hall and stand number as well as the listing in the product index and this is invoiced by Messe München GmbH (cf. B 3 Mandatory communication fee). The first and last name, telephone, fax and mobile numbers, and e-mail address will require the explicit final approval and consent by the exhibitor, as it may potentially be personal data; otherwise this information may not be published. Exhibitors can book additional listings and other presentation opportunities in these communication media in a separate order process. The booking option will be made available to applicants in good time by the media service partners commissioned, who handle these extra listings with the applicant in their own name and on their own account. Messe München GmbH assumes no responsibility for the accuracy and completeness of the directories/BAU 365.

The exhibitor is solely responsible for the permissibility under law—and particularly the law on competition—of entries placed in the company profile of Messe München GmbH at the instigation of the exhibitor. Should third parties assert claims against Messe München GmbH on account of the imper-

missibility of the entries under law in general or the law on competition, the placer of the entries shall hold Messe München GmbH fully safeguarded against all claims asserted including all costs of any necessary legal defense on the part of Messe München GmbH. The same applies to entries from exhibitors, co-exhibitors and exhibitors on joint stands that the respective exhibitor has arranged in the Messe München GmbH directories/BAU 365.

The personalized exhibitor passes also show the first and last name of the ticket holder next to the company name. Ordering, shipping and invoicing of the exhibitor passes will be handled online.

The data contained on the exhibitor pass can, once consent is received, be published as the exhibitor's contact person on the online platform BAU 365.

The exhibitor passes can be ordered through the BAU Exhibitor Shop (expected available as of summer 2022) at the following link: www.bau-muenchen.com/shop/en

For the duration of the fair, each exhibitor receives a specific number of free exhibitor passes for his stand:

up to 20 m² of stand size	2 exhibitor passes
as from 21 m² for every further 10 m² or part thereof	1 exhibitor pass (in addition)

Please note: both free and fee-based tickets should be ordered via the Exhibitor Shop. The floor space of an upper story does not increase the number of free exhibitor passes.

Prices for exhibitor passes are listed in the Exhibitor Shop. Exhibitor passes are intended for stand staff only and may not be passed on to third parties. In case of abuse, Messe München GmbH is entitled to withdraw the exhibitor pass. The number of exhibitor passes does not increase through the taking in of co-exhibitors.

The exhibitor pass does NOT entitle the holder to free use of local public transport (MVV—Munich Transport and Tariff Association).

B 12 Photo, film and video shooting (cf. A 10)

For professional photo and film shots of the exhibitor's own stand during setup, throughout the duration of the trade fair and dismantling, authorization is required from Messe München GmbH unless the exhibitor commissions persons who have already been admitted for this purpose and these possess a valid pass issued by Messe München GmbH. The exhibitor or the photographer commissioned receives the authorization at the security control center of Messe München GmbH, Administration Building, access via Gate 1. For the

authorization, a written order issued to the photographer as well as the applicant's ID card is to be submitted. A fee is charged for the authorization. Information on the exact fee and other terms for applying for the authorization will be made available in summer 2022.

The usage of drones during BAU 2023 is expressly prohibited at all times (setup, runtime, dismantling).

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 13 Stand parties

By 23:00 at the latest, all persons must have left the fairgrounds. The exhibitor is responsible for ensuring that the attendees of his stand party do not access other trade fair booths or touch any exhibits located there. The exhibitor is to ensure that the attendees of his stand party follow the instructions of the safety and security service employed

by Messe München GmbH. The minimum scope of the safety and security services necessary is determined by Messe München GmbH. The exhibitor indemnifies and holds Messe München GmbH harmless in connection with the stand party.

The services provided by Messe München GmbH in connection with each stand party are charged to the exhibitor in the final invoice.

To ensure a smooth, uninterrupted event, we recommend that you consult with your booth neighbors of the planned party in advance.

Services with regard to the receipt and dispatch of consignments are offered by the authorized freight forwarders at the exhibition center.

B 15 Noise, sound effects

All types of performances and presentations as well as all forms of visual, moving or acoustic advertising require Messe München GmbH's prior written approval. They may not disturb any other event participants, cause crowding

that blocks the aisles nor drown out the public address system in the halls. The noise level at the stand perimeter may not exceed **70 dB (A)** (see Technical Guidelines 4.7.7, 5.8.1, 5.11).

B 16 Alterations

Messe München GmbH reserves the right to make alterations and additions in matters affecting technical arrangements and safety.
