B 4 Co-exhibitors/additionally represented companies

The registration fee for co-exhibitors/additionally represented companies is free of charge. Permission to participate may be granted only if the co-exhibitor/additionally represented company would also be eligible to participate as an exhibitor. However, a mandatory communication fee in the amount of **EUR 990** will be levied for each co-exhibitor. The mandatory communication fee for each co-exhibitor includes the same services as for the main exhibitor (cf. B 3). For each additionally represented company a mandatory communication fee in the amount of **EUR 495** is levied. The mandatory communication fee for additionally represented companies includes the company name, address and communication data.

All co-exhibitors/additionally represented companies must be registered by the main exhibitor. The application is to be submitted online at:

Should the exhibitor wish to have an invoice re-issued because the name, legal form or address of the invoice recipient has changed, the exhibitor is bound to pay Messe München GmbH a fee of **EUR 50** for each invoice amendment, unless the data included in the original invoice in respect of the name, legal form or address of the invoice recipient was incorrect and Messe München GmbH was responsible for the incorrect data.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof. Messe München GmbH's Covid-19 prevention and hygiene measures also apply.

B 7 Stand design and equipment

Stand construction, stand design and stand equipment must comply with Messe München GmbH's Covid-19 health and safety protocols. The protocols can be found here: <https://electronica.de/hygiene-concept>

Stand designs for two-story constructions, for stands larger than **100 m²** or stand structures exceeding **3 m** in height or with a stand covering require prior authorization. Dimensioned drawings including floor plans and elevations on a scale of 1:100 must be submitted in duplicate to Messe München GmbH, Technical Exhibition Services Division for approval no later than 6 weeks before setup begins.

Halls, general

One-story construction

The maximum construction height is **6 m**. The maximum advertising height (upper edge) is **6 m**.

Two-story construction

The maximum construction height is **7.50 m**. The maximum advertising height (upper edge) is **7.50 m**.

In addition, the maximum construction height (clearance) alongside the hall walls must be observed (see description of halls and outdoor exhibition grounds).

In order to preserve the character of the electronica as a communications and business trade show, exhibitors are requested to ensure an open stand design. Messe München GmbH is entitled to demand changes in the exhibition stand design in this context. Stand designs can only be approved if the open sides of the booth have a uniformly open design. Erecting closed walls is permitted, provided they do not take up more than **70%** of the total length of the respective stand side, and completely closed walls may be no more than **6 m** in length. A closed length of wall measuring **6 m** must be followed by an opening at least **2 m** wide. This ruling does not apply if the respective wall is set back from the stand perimeter by at least **2 m**. Messe München GmbH reserves the right to allow exceptions to this ruling in individual.

The partition walls facing the neighboring stand must be kept white, neutral, free of installations and clean above a height of **2.50 m**. It is recommended that exhibitors install partition walls (height **2.50 m**) as demarcation to neighboring stands. Messe München GmbH supplies partition walls only at the request

and expense of the exhibitor. Partition walls or additional cabin walls (height **2.50 m**) can be ordered in the Exhibitor Shop. In the case of advertising structures directly facing adjoining stands, there must be a minimum distance of **2 m** to the stand perimeters. Flashing or changing lights must not be used for advertising purposes. The stand design must be adapted to suit the type of rented stand (row, corner, end, island stand), e.g. by partition wall systems. The exhibition stand should also meet the character of the respective trade fair to preserve the visual identity of the event. Messe München GmbH is entitled to demand changes in stand design on this account.

Stand construction approval

As a matter of principle, every planner/designer of an exhibition stand is responsible for compliance with public statutory regulations, insofar as applicable to exhibition stands, and compliance with Messe München GmbH's Technical Guidelines as well as the General Terms of Participation. No approval of plans from Messe München GmbH is necessary given compliance with the following requirements:

- stand and/or advertising structures no higher than **3 m**
- stand area no larger than **100 m²**
- stand is without covering.

Any stand concepts in non-compliance with the aforementioned requirements are to be submitted in duplicate for approval to Messe München GmbH's Technical Exhibition Services Division, containing to-scale stand design plans (ground plan, elevations and sectional drawings) no later than 6 weeks prior to official setup date. If items are to be suspended from the hall ceiling, the work involved must be carried out by Messe München GmbH's contractors. The placing of motor vehicles of any kind on the stand area for exhibition or decorative purposes is prohibited and is permissible only in exceptional cases on the prior written consent of the Exhibition Management. Moreover, multi-story stands and special constructions (such as bridges, stairs, cantilever roofs, galleries, etc.) are as a general rule subject to separate approval. Please consult the "Building Regulations" set out under "Leaflets—applications" in the Exhibitor Shop for further information. **Please note under all circumstances the requirements set out in the Technical Guidelines and the information included in the individual notices.** For further processing, the exhibitor service forms for ordering additional stand services will be made available to you online via our Exhibitor Shop in due time, or sent to you per e-mail.

B 8 Official regulations and permits

In the erection, operation and dismantling of their structures at the exhibition center, exhibitors are to comply with all statutory and official regulations as well as the relevant requirements of Messe München GmbH and especially those from the Terms of Participation and the Technical Guidelines. In addition to the

Technical Guidelines, the relevant safety regulations of the TÜV (German organizations for technical inspection and control) also apply to all exhibits and other equipment and facilities; recognized codes of practice are to be complied with.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof. Messe München GmbH's Covid-19 prevention and hygiene measures also apply.

B 9 Technical installations

The technical services designated accordingly in the Technical Guidelines such as the provision of installations to supply the stand with electricity and water can be ordered until September 28, 2022 only from Messe München GmbH.

Wired telecommunications equipment may only be provided by Messe München GmbH; Deutsche Telekom AG and other network operators are not

authorized at the exhibition center. To connect his own stand area, the exhibitor may operate his own wireless LAN network at his stand after prior written approval from Messe München GmbH; the specifications of Messe München GmbH are to be complied with.

B 10 Sales regulations

Open selling or other provision of goods and services from the stand is not permissible. Exhibited articles may be delivered to purchasers only after the end of the fair. It is not permitted to show the selling price openly. Under

No. 64 GewO (German trade regulation act), it is permissible to sell only to commercial resellers, commercial consumers and bulk purchasers.

B 11 Use of equipment

Only cranes, fork-lift trucks and working platforms may be used that have been provided by the Messe München GmbH service partners responsible.

In special cases, permission must be obtained from Messe München GmbH's Technical Exhibition Services Division.

B 12 Exhibitor passes

Each exhibitor receives a specific number of free exhibitor passes in dependence of stand size, valid for the duration of the fair:

up to 16 m² of stand size	2 exhibitor passes
up to 20 m² of stand size	3 exhibitor passes
as from 21 m² for every further 20 m² or part thereof	1 exhibitor pass (in addition)
as from 161 m² for every further 20 m² or part thereof	2 exhibitor passes (in addition)

Additional exhibitor passes can be ordered as of summer 2022 via the Exhibitor Shop at **EUR 33** each. Exhibitor passes are also available for purchase on site at **EUR 43** each. Exhibitor passes are intended solely for stand personnel and must not be passed on to third parties. In case of abuse, Messe München GmbH is entitled to withdraw the exhibitor pass.

The number of exhibitor passes does not increase through the taking in of co-exhibitors/additionally represented companies.

The exhibitor pass does NOT entitle the holder to free use of local public transport (MVG—Munich Transport and Tariff Association).

B 13 Vouchers

Exhibitors, co-exhibitors and companies on joint stands have the opportunity to order vouchers for online tickets as part of the advertising media offer (available via the Exhibitor Shop at www.electronica.de/exhibitorshop as of summer 2022). The exhibitor will only be charged for the ticket vouchers actually redeemed (with the final invoice), whereas only a maximum of 3 vouchers per square meter of exhibition space has to be paid for. For co-exhibitors, the exhi-

bition space of the main exhibitor serves as a calculation basis. If an exhibitor has rented two or more booth spaces, the aggregate floor space is considered as the basis of calculation. The resale of online vouchers is prohibited. In case of misuse, Messe München GmbH will exclude the said exhibitor from participation in the online voucher program.

B 14 Photo, film and video shooting (cf. A 10)

For professional photo and film shots of the exhibitor's own stand during the running time of the fair, authorization is required from Messe München GmbH unless the exhibitor commissions persons who have already been admitted for this purpose and these possess a valid pass issued by Messe München GmbH. The exhibitor or the photographer commissioned receives the authori-

zation at the security control center of Messe München GmbH, Administration Building, access via Gate 1. For the authorization, a written order issued to the photographer is to be submitted. A fee of **EUR 50** is charged for the authorization.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof. Messe München GmbH's Covid-19 prevention and hygiene measures also apply.

B 15 Stand parties

According to the currently applicable Covid-19 related safety and hygiene policies of Messe München GmbH, exhibitor events are generally not permitted (as of March 2021). Messe München GmbH may permit exhibitor events subject to safety and hygiene requirements.

The following regulations shall also apply:

Stand parties on the exhibition stand require authorization by Messe München GmbH and must be notified by November 4, 2022 at the latest. Events on November 15, 16 and 17, 2022 may start at 18:00 and must end no later than 22:00. Until 22:30, the necessary clearing-up work may be undertaken on the stand area. By 23:00 at the latest, all persons must have left the fairgrounds. The exhibitor is responsible for ensuring that the attendees of his stand party

do not access other trade fair booths or touch any exhibits located there. The exhibitor is to ensure that the attendees of his stand party follow the instructions of the safety and security service employed by Messe München GmbH. The minimum scope of the safety and security services necessary is determined by Messe München GmbH. The exhibitor indemnifies and holds Messe München GmbH harmless in connection with the stand party.

The services provided by Messe München GmbH in connection with each stand party are charged to the exhibitor in the final invoice.

To ensure a smooth, uninterrupted event, we recommend that you consult with your booth neighbors of the planned party in advance. Please note that the volume of musical renditions on the stand may not exceed **70 dB (A)**.

B 16 Deliveries

Consignments, letters and other mail to be delivered to the exhibitor's stand must carry the following details:

- Name of the event
- Hall (designation: A, B or C as well as the number of the hall (1–6))
- Stand number of the exhibition stand
- Name of the exhibitor
- Messegelände/Willy-Brandt-Allee, 81829 Munich, Germany

Messe München GmbH does not take delivery of consignments, letters and other mail intended for exhibitors or third parties. Exhibitors are advised not to deposit shipments or other objects unsecured in the hall or the outdoor exhibition area during setup and dismantling times.

Services with regard to the receipt and dispatch of consignments are offered by the authorized freight forwarders at the exhibition center.

B 17 Noise, sound effects

Demonstrations of machines, video, music, stage shows etc. during the event (see opening hours) require the prior authorization of Messe München GmbH and must be conducted in such a way that no other exhibitors are disturbed or adversely affected. Accordingly, loudspeakers and other acoustic amplifiers/sound systems must be turned towards the exhibition stand and may not sound off on neighboring stands or aisles. The sound level may not exceed **70 dB (A)**

at the stand perimeter (see also Technical Guidelines 4.7.7, 5.8.1 and 5.15). Messe München GmbH reserves the right to limit or prohibit demonstrations of any kind—irrespective of previous authorization—causing noise, optical disturbances or for other reasons constituting a hazard or impairment to the event and especially to event participants. The relevant statutory provisions must be observed.

B 18 Advertising

The following provision replaces Clause A 11: No advertising activities, including the deployment of stationary and mobile advertising carriers, promotion teams or the distribution of printed media and food samplings may be conducted at the exhibition grounds outside the confines of the given exhibitor's stand, unless the exhibitor has applied for and obtained authorization from Messe München GmbH for such activities, which are subject to a fee. The charge for this authorization is set out in the order documents for advertising space. Messe München GmbH is entitled to stop unauthorized advertising activities

outside the confines of the rented stand space, in particular to expel persons who are used as advertising carriers from the site, and to confiscate, remove or destroy unauthorized advertising media. Messe München GmbH is entitled to demand a compensation for unauthorized advertising activities carried out by the exhibitor outside his booth, amounting to twice the fee Messe München GmbH would have charged for granting approval. Messe München GmbH's right to claim further damages remains unaffected.

B 19 Alterations

Messe München GmbH reserves the right to make alterations and additions in matters affecting technical arrangements and safety.

Messe München GmbH also reserves the right to amend and supplement its Covid-19 prevention and hygiene protocols; exhibitors will be informed of any changes in good time.
