Embracing Change

Under the theme of “Embracing Change”, the Auto Shanghai 2021 is the world’s first A-class auto show held as scheduled this year since the outbreak of the COVID-19 pandemic. It has received wide attention from all industry insiders. By virtue of high-quality exhibition contents and global strategic attributes, it has played a leading role for top-level auto shows in the global auto industry, fully demonstrated China’s overall economic recovery and growth after winning the fight against the pandemic, and boosted the confidence of global auto market.
